Boiada's VIP Packages

A churrascaria is *traditionally* a Brazilian steakhouse that serves a variety of all-you-can-eat meats and salad options, brought directly to your table from our grill by our gaúchos (Brazilian cowboys). Due to the new societal obligations to stay safe, we have amended our restaurant style experience to **bring our churrascaria to you**! With our portable grill and bar service, run by our knowledgeable staff, we bring the full Brazilian experience to your next home barbeque, graduation party, birthday...Whatever you would like to celebrate, we can make it an unforgettable experience!

Some of our amazing skewer options include top sirloin, bacon wrapped chicken, filet mignon, and lamb. And the incredible glazed pineapple is not to be missed! With salads of your choice from the variety we offer, and options for Brazilian drinks and traditional desserts, your party will be treated to food and quality that rival that of our in house party packages.

We would love to share this rich and vibrant food experience with you and yours for your next special event!

For parties of 50 guests or more, receive a 10% discount on your package price!
